## What sets Swedish Covenant Medical Group apart?

### A Growing City-Wide Presence

In addition to holding various roles on the hospital's main campus, SCMG operates the Chicago Brain & Spine Institute, Swedish Skin Institute, two Immediate Care Centers and several satellite offices throughout Chicago's north side.

### Medical Education Responsibilities

Swedish Covenant Hospital, founded in 1886, is a community-based teaching hospital with primary care residency programs, a critical care fellowship and medical student clinical rotations.

### Proven Physician Engagement

SCMG provides a physician-friendly atmosphere that promotes safe, high-quality patient care, as measured by an exceptional Press Ganey physician engagement score that is well above the national norm.

### Community Involvement and Representation

More than 50% of Swedish Covenant Health employees live within a 5 mile radius of the hospital, contributing to the economic vitality of local neighborhoods.
